### \*\* SCOTT ASPEN FIRE HELMETS \*\*

NEW Scott Aspen FF1 Kemplex Structural Helmet is the latest in helmet technology incorporating the super tough patented Kemplex Thermo Plastic. Imagine the strength of a Vehicle Bumper Bar... then you will get an idea how strong this helmet is!

Internal harness system is secured by clips not Velcro providing even higher level of safety.

Visor is also AS AS/NZ 4067 certified.

The Scott Aspen FF1 Kemplex Structural Helmet also includes a fire retardant chinstrap with comfortable wide webbing and a glove compatible quick release buckle.

The tough scratch resistant polycarbonate visor features positive lock in 3 positions.

The Scott Aspen FF1 Kemplex Structural Helmet is fully manufactured in Australia by an Australian Owned and operated company.
